MATRES

FESTIVAL
INTERNAZIONALE
DI CERAMICA FEMMINILE
EXPERIENCE

The Festival promotes meetings and discussions between different experiences and ceramic traditions of the Italian and international territory. There will be encounter between different artistic and linguistic technical expressions, both traditional and innovative in the field of ceramics, in order to consolidate the "Woman Ceramics Project". This in order to support the female universe through the creations of the artists - ceramists.

DUE TO THE HEALTH EMERGENCY DUE TO THE CORONAVIRUS, THE MATRES FESTIVAL EVENT FOR THIS YEAR WILL BE HELD IN VIRTUAL FORM via a digital platform but this will not fail to involve and amaze you once again. It will be a special edition with special connections from all over the world and much more. A series of meetings that will start from Cava de 'Tirreni, headquarters of our Association and from the Campania region and will connect with the rest of the world to spread culture and art not only ceramics, but in all its expressions.

SCHEDULED EVENTS

The program is aimed at everyone, experts in the sector and visitors, but first and foremost to women who want to empower themselves in the workplace and improve their creativity, to stimulate and promote their potential and transform their dreams into projects, and it extends to broader cultural proposals that aim at protecting and respecting the self and others, up to the protection and respect for the environment.

Matres International Festival of Female Ceramics from 28 to 30 August, will have continuous digital connections through the dedicated platform from Italy and abroad. A path that combines culture, tradition and interaction with the territory, showing the skills in the practice of ceramic art of the international female artistic panorama. The event leads to a cultural and social change through the ceramic material. A collection of stories that, from the experience of each woman in her own territorial heritage, wants to trace and make known the potential of the female world that has always protected, protects and supports the wealth and tradition of her land, declaring her attitude to express values, projects, personalities and paths linked to contemporaneity, in art, culture and craftsmanship. Guests of honor this year will be "Iran" with the choral work project "Crane's Dream" which the association has adopted this year with our member Doma Abyak with the participation of many artists / the designers of the Iranian nation who have worked on the culture of tea, a variety of objects ranging from the teapot, the cup or all those objects that enrich the world of tea that can be ornamental or functional.
